PRODUCT BULLETIN

Product(s):	Narkomed 6000 Series
Bulletin Number:	155
Release Date:	October 2, 2003
Pages:	2

Subject: Narkomed 6000 Series Knob Style APL Valve

Beginning October 2003, all new production Narkomed 6000 Series systems will be built with the new knob style APL valve. This is the same style APL valve that is currently shipping on the Fabius GS.

For description and operation of the Knob Style APL Valve, please refer to the NM6000 Series Operator's Manual Supplement 4118271.

Upgrade Kits

For those customers who wish to upgrade existing NM6000 Series systems in the field to the new Knob Style APL Valve, an upgrade kit has been established.

DESCRIPTION	PART NUMBER	PRICE
Knob Style APL valve	# 4118461	$285

The old/toggle style APL valve is available **only by special order** at an additional charge of $375 per system. To place an order for a new production NM6400 with the old/toggle style APL, the following part number and price must be listed as a separate line item on the quote.

DESCRIPTION	PART NUMBER	PRICE
Toggle Style APL valve	#AF00395	$375

Feel free to contact John Teresko at ext. 2525 or at tereskoj@draegermed.com if you have any questions.
